

# CPG – Datasheet

## Specifications

| Model             | Rated torque<br>[N-m] | Misalignment  |             |            | Max. rotation<br>speed<br>[min-1] |
|-------------------|-----------------------|---------------|-------------|------------|-----------------------------------|
|                   |                       | Parallel [mm] | Angular [°] | Axial [mm] |                                   |
| CPG Application 1 | 0.5                   | 0.1           | 0.1         | 0.3        | 3000                              |
| CPG Application 2 | 0.5                   | 0.1           | 0.1         | 0.3        | 3000                              |

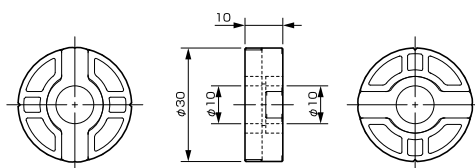

## Dimensions

### Application 1

Unit [mm]

### Application 2

Unit [mm]

### How to Place an Order

**CPG A1 9/9**

Type \_\_\_\_\_  
A1: Application 1  
A2: Application 2

Bore diameter  
d1/d2 \_\_\_\_\_

Material: Hub aluminum, Element HBNR
